Who we are and what we do

We believe passionately in the power of education to shape the world for the better. That's why we've made it our mission to empower students from all over the world to realise their potential with an international education — and to make it simple!

Here's how Kaplan can help

We offer international students routes to top universities in the USA, Canada, the UK, Australia and New Zealand. You might qualify for direct admission, or you can take a preparation course to build your skills and confidence before your degree. With flexible options to study in person or online, and a wide choice of subjects, we'll help you find the best route for your goals.

We really believe in the power of an international education to help you shape your future and the world. Everyone deserves the chance to thrive at university, so whatever your background, we'll support you in getting where you want to go. Whatever your needs or concerns, we're here to listen, and to help you feel confident, prepared and ready for your future.

You'll benefit from expert careers support, both from Kaplan and our trusted university partners, to help you plan for what comes next. We work with more than 25 university partners worldwide, all of whom share our mission: to empower you to reach your potential and succeed at university and beyond.

Get ahead with Kaplan

It's our mission to help you realise your full potential through international education. When you choose Kaplan, what sets us apart will set you apart too.

Future-focused

Education is always evolving, and so are we. We continually invest in ourselves and our services to stay ahead of the curve, so we can offer the best choices for you — online learning solutions, transnational education, and innovative university partners.

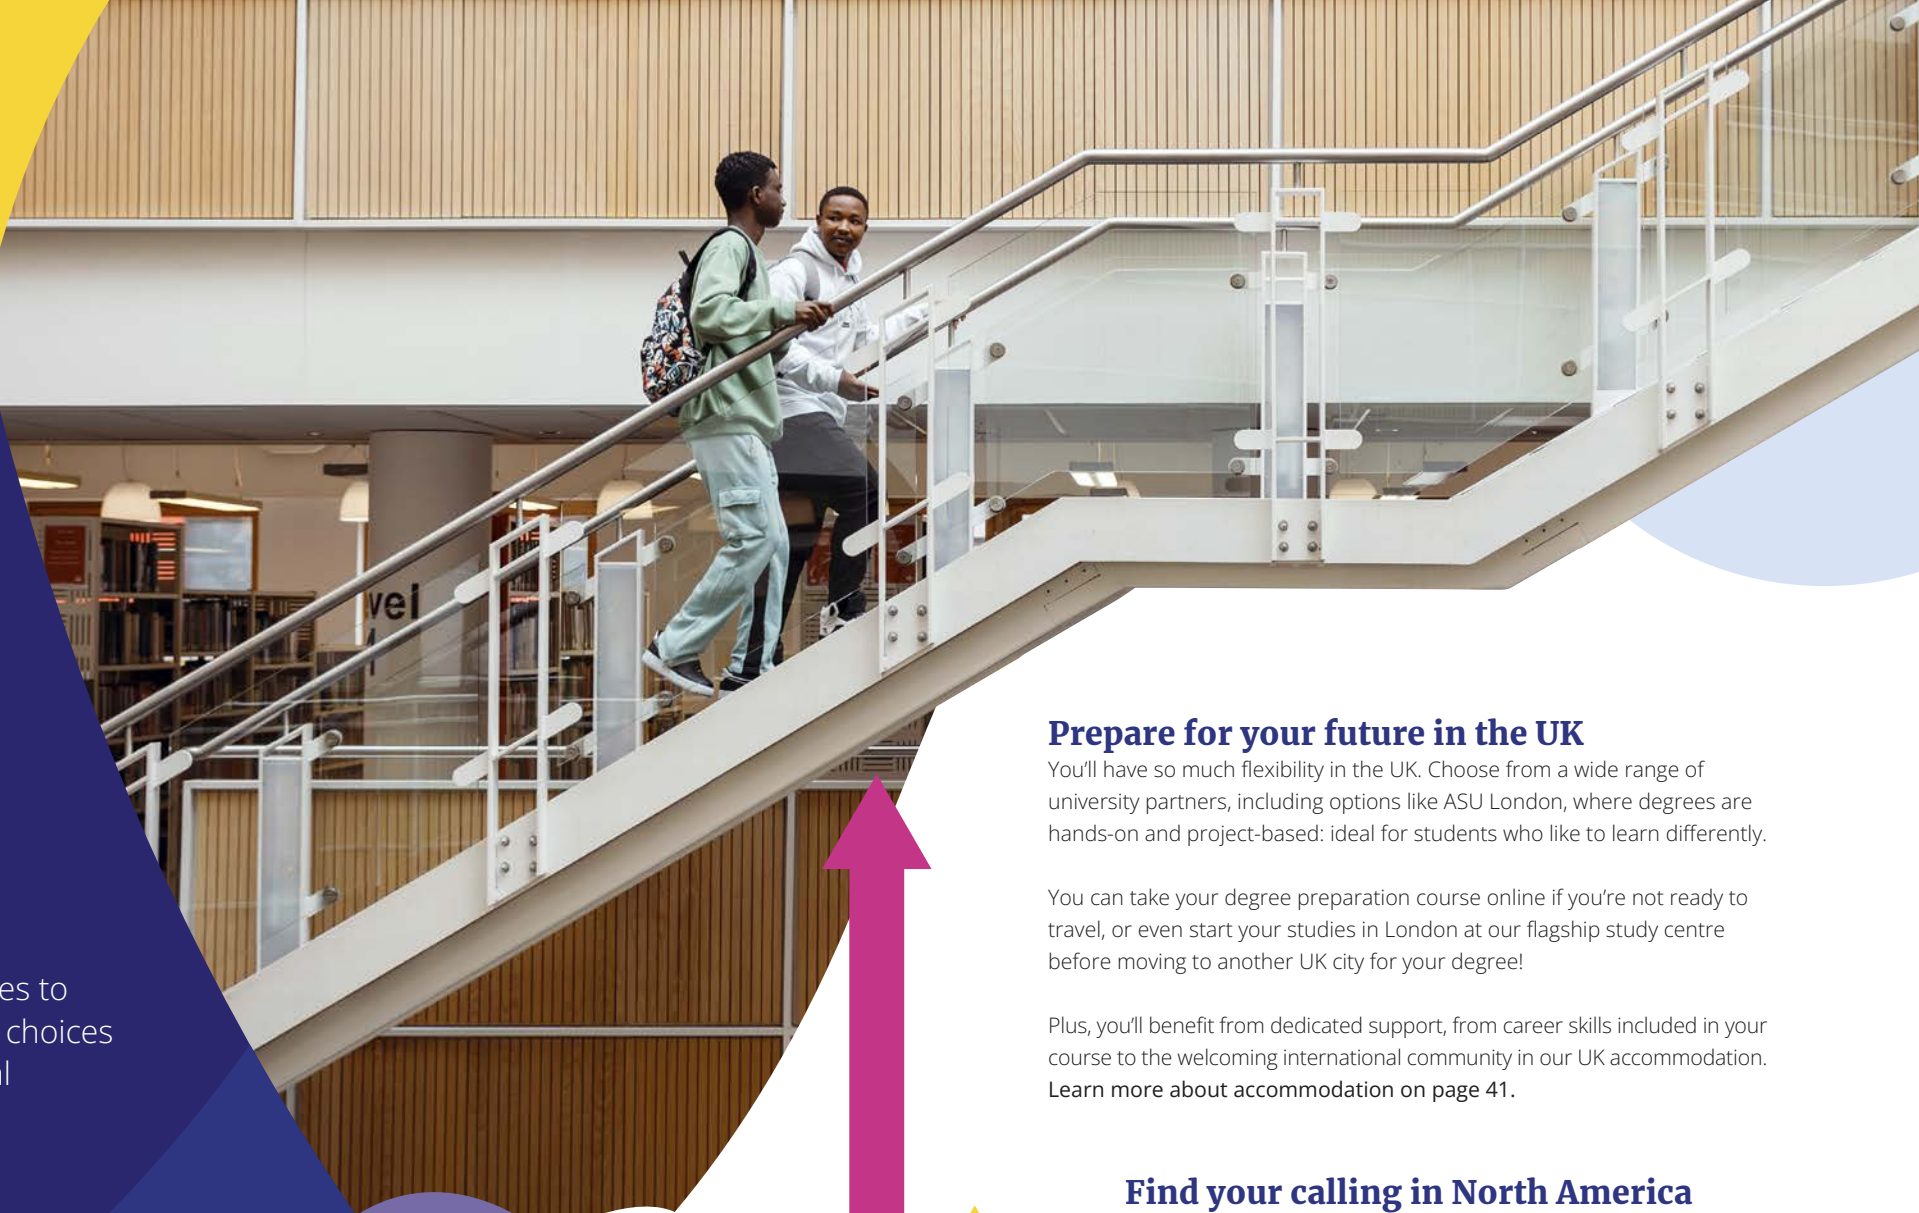

Experts in education

Our 20+ years of experience in education means we have a deep understanding of the complexities of international study and how to navigate those challenges. We can help get you where you want to go.

Personalised care

Your needs are unique — we provide tailored support through every step of the journey, from application to enrolment, and specialised assistance for younger international students.

Prepare for your future in the UK

You'll have so much flexibility in the UK. Choose from a wide range of university partners, including options like ASU London, where degrees are hands-on and project-based: ideal for students who like to learn differently.

You can take your degree preparation course online if you're not ready to travel, or even start your studies in London at our flagship study centre before moving to another UK city for your degree!

Plus, you'll benefit from dedicated support, from career skills included in your course to the welcoming international community in our UK accommodation. [Learn more about accommodation on page 41.](#)

Find your calling in North America

North America is a hub of possibilities. No matter where in Canada or the USA you choose, you'll be at a welcoming, forward-thinking university. For instance, you could study at Arizona State University, the most innovative university in the USA* — a ranking held by the University for 11 years!

You'll have lots of study options too, from degree admission to degree preparation and more, so you're sure to find the right route for you.

Take the next step in Australia or New Zealand

Global study means global opportunities! Do an on-campus degree preparation course at one of our leading partners in Australia or New Zealand and take your next step to earning a university degree.

Routes to success

Whether you've just finished high school or have already completed a degree, at Kaplan we've got study routes to suit many different levels and circumstances.

Degree admission

If you meet the entry requirements for a bachelor's or master's degree, Kaplan can help you apply. We'll guide you through the process, from gathering documents to preparing your personal statement, so you can meet deadlines with confidence.

Transfer admission

If you've already completed some university study, we'll help you transfer your credits to a new university abroad.

Degree preparation

If your grades aren't enough to get you to your dream degree overseas, a preparation course, often known as a pathway course, can help you build academic and English skills while getting ready for a bachelor's or master's. Pass the course successfully and you're guaranteed entry to your chosen degree.

English language preparation

If you just need to boost your English before starting your degree, you can take an English preparation course. You'll learn the academic language and skills you need to study at undergraduate or postgraduate level, so you feel confident and ready to succeed.

North America

Be part of a large international community in a region known for its outstanding quality of higher education and life-changing career opportunities.

Next stop: the USA and Canada!

The USA and Canada are both excellent places to earn a degree and start your career — let's take a look at some of the reasons why.

Top-ranking universities

Universities in North America are among some of the best in the world! The QS World University Rankings 2026 list 30 North American universities in the top 100 worldwide.

Wealth of career opportunities

Gain work experience while you learn through various internship programs at our university partners. There are also post-graduation work options you can take advantage of, including Optional Practical Training (OPT) in the USA or the Post-Graduation Work Permit in Canada — both allow you to work for up to three years after you graduate, depending on eligibility!

International student support

Many universities have international student offices where you can get additional support with academics, English language, career development, and much more! And with over two million international students in North America, you'll join a diverse and supportive community.

More ways to study with Kaplan

We'll help you find a future that fits you

We know there's no single route to success. That's why we offer a range of options beyond traditional preparation courses and on-campus degrees. From high school programmes to flexible online study, let's pick the path that feels right to you.

UK high school courses

A UK high school qualification is a great way to prepare for your degree. Through Mander Portman Woodward (MPW), you can study GCSEs and A-Levels, both qualifications which are recognised and respected by universities in the UK and in many other countries too.

You'll study at a private college alongside both British students and international students from all around the world in one of three iconic UK cities: London, Birmingham or Cambridge.

Degrees online

With Kaplan, you can earn a respected UK degree entirely online, gaining the same qualification as on-campus students while enjoying the flexibility of remote learning.

Choose from a range of careers-focused bachelor's and master's degrees at the University of Essex or the University of Liverpool — two great UK universities with strong global reputations.

Kaplan Higher Education Academy

Want to gain an international degree in Asia? Study for a UK, Irish or Australian degree at one of our specialist centres in dynamic Singapore or Hong Kong SAR.

With undergraduate and postgraduate options, you'll gain a qualification that's recognised worldwide, while benefiting from a supportive, international environment that helps you to succeed.

How to apply

We make applying to universities abroad simple, guiding you through the whole process and making sure you have the best chance of success.

1

Choose your degree

Our friendly advisors can help you explore your options

2

Submit an application

You'll need to include any relevant supporting documents

3

Receive an offer letter or decision

This may be a conditional or unconditional offer or an admission decision

4

Accept your offer and obtain a visa

You'll need to pay a deposit to study, and allow plenty of time for the visa process

5

Complete your pre-arrival tasks and travel to your study destination

Arrange your housing, book your flights and start your adventure abroad!
