What is an International Year One (IYO)?

An IYO combines degree preparation with study equivalent to the first year of a bachelor's degree. When you successfully pass the course, you're guaranteed to progress straight to Year 2 of your degree at your chosen university.

Through Kaplan, you can study an IYO with guaranteed progression to one of more than 200 degrees at a range of top UK universities, from modern institutions to historic members of the prestigious Russell Group.

Why study an IYO?

- ✔ **Save time and money** by still graduating in just 3 years
- ✔ **Enjoy smaller class sizes** and more contact with tutors compared to Year 1 of a standard UK bachelor's degree
- ✔ **Benefit from comprehensive support** tailored for international students
- ✔ **99%** of IYO students who passed the course progressed to their chosen degree in 2024

"An IYO lets you save a lot of time because it's just a year, and after that you go directly to your second year of university."

Takeena from Nigeria

Completed an IYO in Law and progressed to LLB Law at the University of Essex

Progress to a degree in one of these subject areas:

 Building and Architecture

 Business and Finance

 Computing

 Engineering

 Environment and Agriculture

 Hospitality and Tourism

 Law

 Marketing and Media

 Science and Health

 Social Science and Humanities
