Ira A Fulton Schools of Engineering Graduate Programs List

For more information about a program, please visit ASU Degree Finder - [Master's and PhDs Search Results | Degree Search | ASU]

* **Medical Engineering** is offered at both **Tempe** and **Downtown Phoenix** campuses.

Tempe Campus	Polytechnic Campus	Downtown Phoenix Campus
Aerospace Engineering	Artificial Intelligence Engineering (Human-Centered Artificial Intelligence)	Medical Engineering*
Artificial Intelligence Engineering (Sustainable Engineering and Built Environment)	Artificial Intelligence Engineering (Manufacturing)	
Artificial Intelligence	Artificial Intelligence Engineering (Software Engineering)	
Artificial Intelligence Engineering (Aerospace Engineering)	Artificial Intelligence Engineering (Robotics)	
Artificial Intelligence Engineering (Chemical Engineering)	Artificial Intelligence in Information Technology	
Artificial Intelligence Engineering (Electrical Engineering)	Data Science, Analytics & Engineering (Human-Centered Applications)	
Artificial Intelligence Engineering (Intelligent Biomedical Systems Engineering)	Clean Energy Systems	
Artificial Intelligence Engineering (Materials Science and Engineering)	Engineering	
Artificial Intelligence Engineering (Mechanical Engineering)	Environmental and Resource Management	
Artificial Intelligence Engineering (Operations and Decision Science)	Environmental and Resource Management (Water Management)	
Biological Design	Graphic Information Technology	
Biomedical Engineering	Human Systems Engineering	
Chemical Engineering	Human Systems Engineering (Aviation Human Factors)	
Civil, Environmental, and Sustainable Engineering	Human Systems Engineering (Health Systems)	
Computer Engineering (Computer Systems)	Human Systems Engineering (Intelligent Systems)	

Computer Engineering (Electrical Engineering)	Human Systems Engineering (User Experience Research)	
Computer Science	Information Technology	
Computer Science (Artificial Intelligence)	Management of Technology	
Computer Science (Big Data Systems)	Manufacturing Engineering	
Computer Science (Biomedical Informatics)	Robotics and Autonomous Systems (Systems Engineering)	
Computer Science (Cybersecurity)	Software Engineering	
Computer Science (Media Arts and Sciences)	Software Engineering (Cybersecurity)	
Construction Engineering (MSE)	Software Engineering (Data Science)	
Construction Management and Technology	Technology (Aviation Management and Human Factors) (MSTech)	
Data Science, Analytics & Engineering (Bayesian Machine Learning)	User Experience	
Data Science, Analytics & Engineering (Computational Mathematics and Data)		
Data Science, Analytics & Engineering (Computing and Decision Analytics)		
Data Science, Analytics & Engineering (Electrical Engineering)		
Data Science, Analytics & Engineering (Materials Science and Engineering)		
Data Science, Analytics & Engineering (Mechanical and Aerospace Engineering)		
Data Science, Analytics & Engineering (Sustainable Engineering & Built Environment)		
Electrical Engineering (MSE)		
Electrical Engineering (Media Arts and Sciences)		
Environmental Engineering		
Industrial Engineering		
Innovations in Medical and Patient Care Technologies		
Materials Science and Engineering		

Mechanical Engineering		
Medical Engineering*		
Modern Energy Production and Sustainable Use		
Robotics and Autonomous Systems (Artificial Intelligence)		
Robotics and Autonomous Systems (Biomedical Engineering)		
Robotics and Autonomous Systems (Electrical Engineering)		
Robotics and Autonomous Systems (Mechanical and Aerospace Engineering)
