

## **UK ENIC Statement of Comparability Guide**

UK Visas and Immigration announced that as of 24 November 2016, there would be a change to the process relating to degrees from majority English speaking countries being used in lieu of a Secure English Language Test (SELT).

Holders of these degrees wishing to be classed as exempt from the need to obtain a SELT must now, in addition to their degree certificate and transcripts, include a “Statement of Comparability” from UK ENIC to evidence that their qualification meets the level of UK Bachelor’s/Master’s/PhD.

Without this a student cannot be classed as SELT exempt and will have to produce an IELTS test to meet the English Language requirement as set out by UK Visas and Immigration.

The only organisation UK Visas and Immigration will accept this statement from is UK ENIC, we will be unable to accept any other document from any other organisation.

UK Visas and Immigration have clarified that as your sponsor we would be unable to obtain the Statement of Comparability on behalf of our students and therefore you will be required to apply for this before we can issue your unconditional offer.

We have produced a step by step guide on how to register with UK ENIC and how to apply for the Statement of Comparability.
