Supporting your journey to a UK degree

We want to see as many students succeed as possible. That's why we offer progression scholarships for our top-performing students, every single year. These scholarships are awarded in partnership with our universities, and help reduce tuition fees for eligible students progressing to a UK degree. They could be worth up to £7,500 per year!

Most scholarships are awarded as tuition fee discounts in Year 1 of your degree, with some offering support throughout the length of your studies. Scholarship amounts are reviewed every year — the amounts below are for degrees starting in 2027.

The following list of scholarships is not exhaustive. More universities will be added soon.

Pathway course tuition scholarships: We also offer partial tuition scholarships to qualifying students for pathway courses in the UK. Scholarships are typically awarded to help make studying abroad more affordable, and are often based on academic achievement.
