An ideal launchpad for your career

For over 100 years, University of Alberta (U of A) has been a world-changing Canadian university with a global influence. You'll get a great value education, with superb research facilities and career support available throughout your degree. No matter what program you study, you'll get hands-on work in your area of interest through internships or Work Integrated Learning, allowing you to earn while you learn!

Safe and affordable location

You'll live and study on North Campus, located near the heart of Edmonton — a vibrant, fast-growing urban centre. With a much lower cost of living compared to Toronto and Vancouver, plus the highest average salary in Canada, you'll get great value for money — all while living in one of the world's safest countries!
