Please note: this course is taught at the University of Brighton's Grand Parade campus.

*** UKVI IELTS alternatives:** we can accept other tests as proof of English language. Learn more at: *kaplanpathways.com/uk/ielts*

Please note: it is desirable for students applying for this course to submit an Art and Design portfolio.

Academic entry requirements: for all course options above, you need to have completed high school at the required level. For requirements specific to your country, select your preferred degree and pathway course from our online Degree Finder: *kaplanpathways.com/brighton/ug-degrees*

Your course length: this is influenced by your English language score that you submit as part of the admissions process. Soon after your course starts, we'll check your English and academic level again to make sure you're on the most suitable study plan, with modules that best fit your skills and goals.

Common modules taken by all students:
- Creative Practice and Portfolio
- English for Academic Purposes

You will also take 2 of the following modules that fit your degree and career goals†:
- Entrepreneurship
- Intermediate Digital Applications
- Mathematics
- People, Culture and Society
- Practical Skills for Art and Design
- Visual Culture

Personal development activities: during your course, you'll also have activities to build practical, digital and employability skills.
Learn more about modules: you'll find module summaries later in this booklet.

ⓘ **Optional integrated online internship**
For selected course options and an extra fee (maximum £1,490), you can take an online internship as an additional final term while at the College in the UK. You will:
- apply and further develop your English language in a professional setting
- build real-world experience related to your degree subject at university
- gain additional career skills and experience and boost your CV before your degree.

See the undergraduate module summaries section for more details.

Extra support: for courses of over 2 terms, you will take additional Enhancement / Art and Design modules or Extended English and Skills modules (depending mainly on your IELTS score and academic background) before the modules to the left.

Students with UKVI IELTS 4.5-5.0: you'll take a 2.5 or 3-term course, following either the Enhancement / Art and Design route to develop your artistic skills and maximise your university preparation, or the Extended English and Skills route that focuses more on developing English language and academic skills.

Enhancement / Art and Design route
- Art, Design and Media
- Critical Reading, Writing and Reasoning for Higher Education

Plus up to 2 of these modules:
- Contemporary Art in Context
- Digital Applications
- Preparatory Mathematics
- Preparatory Statistics
- UK Society and Culture

Extended English and Skills route
- Art, Design and Media
- English for Academic Study 3
- Reading and Writing 3
- Speaking and Listening 3

Students with UKVI IELTS 4.0: you'll take a 3.5 or 4-term course with Extended English and Skills modules to improve your English language and academic skills, and a specialist module to develop your artistic skills.

- Art, Design and Media
- Reading and Writing 2 and 3
- Speaking and Listening 2 and 3
- Study Skills Preparation

† For some degrees, the University will require you to take particular modules. Details are on the online Degree Finder and will be in your offer letter.

Personal development activities (all courses)
Culture and activities
We'll help you have a hugely beneficial cultural and social experience, and encourage you to explore different activities, sports, crafts and more. You might learn about local history and culture, or develop your wider subject knowledge and understanding of related industries.

Employability and digital skills
Outside of your academic learning, you'll also be taught skills that will be useful at university and later in life. You'll receive help in making the most of your creativity, improving your communication and developing your digital skills. We'll also help you build a CV, portfolio and online profile to empower you after you graduate.

Social networking
Forming a strong social network can be very beneficial, even if it's just to discuss and debate ideas. Not only will you get to know your classmates, you'll also have opportunities to join professional bodies, and network with students and industry professionals: something that can be really helpful when you go on to start your career.
