Available degree options may change over time, so visit our online Degree Finder for the most up-to-date list: [kaplanpathways.com/essex/ug-degrees](http://kaplanpathways.com/essex/ug-degrees)

#### Key:

- Hu:** Foundation Certificate for Humanities
- Sc:** Foundation Certificate for Science and Health
- So:** Foundation Certificate for Social Sciences
- B1:** International Year One in Business
- C1:** International Year One in Computer Science
- E1:** International Year One in Economics
- L1:** International Year One in Law
- S1:** International Year One in Life Sciences
- P1:** International Year One in Politics and International Relations
- P2:** International Year One in Psychology

#### Art and Design

BA (Hons) Art History, Heritage and Museum Studies	<b>Hu</b>
BA (Hons) Curating with History	<b>Hu</b>
BA (Hons) Curating with Politics	<b>Hu</b>
BA (Hons) Curating, Heritage and Human Rights	<b>Hu</b>

#### Business and Finance

BSc (Hons) Accounting	<b>So B1</b>
BSc (Hons) Accounting and Finance	<b>So B1</b>
MAcc (Hons) Accounting and Finance	<b>So B1</b>
BSc (Hons) Accounting and Management	<b>So B1</b>
BSc (Hons) Accounting with Economics	<b>So</b>
BSc (Hons) Banking and Finance	<b>So B1</b>
BBA (Hons) Business Administration <sup>1</sup>	<b>So B1</b>
BSc (Hons) Business Administration and Supply Chain Management <sup>1</sup>	<b>So B1</b>
BSc (Hons) Business and Human Resource Management	<b>So</b>
BA (Hons) Business Economics	<b>So E1</b>
BSc (Hons) Business Management	<b>So B1</b>
BA (Hons) Business Management and Modern Languages (Including Year Abroad)	<b>So</b>
BA (Hons) Business Management with a Modern Language (Including Year Abroad)	<b>So</b>
BSc (Hons) Economics and Mathematics (Including Year Abroad)	<b>So</b>
BSc (Hons) Finance	<b>So B1</b>
BSc (Hons) Finance and Management	<b>So</b>
BSc (Hons) Finance and Mathematics	<b>Sc So</b>
BSc (Hons) Financial Economics	<b>So E1</b>
BA (Hons) Financial Economics and Accounting	<b>So E1</b>
BSc (Hons) International Business and Entrepreneurship <sup>1</sup>	<b>So B1</b>
BSc (Hons) International Business and Finance <sup>1</sup>	<b>So</b>

#### Computing

BSc (Hons) Artificial Intelligence	<b>Sc C1</b>
BSc (Hons) Computer Games	<b>Sc C1</b>
BSc (Hons) Computer Science	<b>Sc C1</b>
BEng (Hons) Computer Systems Engineering	<b>Sc</b>
BEng (Hons) Computers with Electronics	<b>Sc</b>
BSc (Hons) Data Science and Analytics	<b>Sc</b>
BSc (Hons) Economics with Data Science	<b>So</b>

**Internships:** all pathway course subjects have the option of an integrated virtual internship as an extra final term in the UK. This finishes in time for you to still start your university degree on schedule.

Your internship gives you the chance to gain valuable work experience and career skills, even before you progress to university.

#### Education

BA (Hons) Teaching English as a Foreign Language	<b>So</b>
--	-----------

#### Engineering

BEng (Hons) Communications Engineering	<b>Sc</b>
BEng (Hons) Computer Systems Engineering	<b>Sc</b>
BEng (Hons) Computers with Electronics	<b>Sc</b>
BEng (Hons) Electronic Engineering	<b>Sc</b>
BEng (Hons) Mechatronic Systems	<b>Sc</b>
BEng (Hons) Neural Engineering with Psychology	<b>Sc</b>
BEng (Hons) Robotic Engineering	<b>Sc</b>

#### Environment and Agriculture

Ecology and Environmental Biology	<b>Sc</b>
BSc (Hons) Global Sustainability	<b>Sc</b>

#### Hospitality and Tourism

BA (Hons) Events Management	<b>Hu</b>
BA (Hons) Hospitality Management	<b>Hu</b>

### Note:

Many of the degrees listed are also available with a year abroad or a placement year. Please see our online Degree Finder for details: [kaplanpathways.com/essex/ug-degrees](http://kaplanpathways.com/essex/ug-degrees)

1: This course is taught on the University of Essex's Southend campus

Minimum English level: UKVI IELTS score*	Course length	Course tuition	Course start > Course end	Add ons	Extra support
<b>&gt; Your Foundation Certificate options for degree entry in October 2026</b>					
<b>5.5 overall</b> with no less than 4.5 in any skill	2 terms	£19,990	September 2025 > May 2026	<b>i</b>	
			January 2026 > August 2026		
			February 2026 > August 2026		
<b>5.0 overall</b> with no less than 4.0 in any skill	2.5 terms	£22,185	October 2025 > August 2026		0.5 terms of modules from Enhancement and Extended English and Skills options
			January 2026 > August 2026		
<b>4.5 overall</b> with no less than 4.0 in any skill	3 terms	£22,185	September 2025 > August 2026		1 term of modules from Enhancement and Extended English and Skills options
<b>&gt; Your Foundation Certificate options for degree entry in October 2027</b>					
<b>5.0 overall</b> with no less than 4.0 in any skill	2.5 terms	£22,185	July 2026 > May 2027	<b>i</b>	0.5 terms of modules from Enhancement and Extended English and Skills options
<b>4.5 overall</b> with no less than 4.0 in any skill	3 terms	£22,185	June 2026 > May 2027	<b>i</b>	1 term of modules from Enhancement and Extended English and Skills options
<b>4.0 overall</b> with no less than 4.0 in any skill	3.5 terms	£25,885	April 2026 > May 2027	<b>i</b>	1.5 terms of Extended English and Skills modules
			July 2026 > August 2027		
			February 2026 > May 2027		
	4 terms	£29,180	June 2026 > August 2027	<b>i</b>	2 terms of Extended English and Skills modules

\* UKVI IELTS alternatives: we can accept other tests as proof of English language. Learn more at: [kaplanpathways.com/uk/ielts/](https://kaplanpathways.com/uk/ielts/)

**Academic entry requirements:** for all course options above, you need to have completed high school at the required level. For requirements specific to your country, select your preferred degree and pathway course from our online Degree Finder: [kaplanpathways.com/essex/ug-degrees](https://kaplanpathways.com/essex/ug-degrees)

**Your course length:** this is influenced by your English language score that you submit as part of the admissions process. Soon after your course starts, we'll check your English and academic level again to make sure you're on the most suitable study plan, with modules that best fit your skills and goals.

**Common modules taken by all students:**

- English for Academic Purposes
- Extended Project

**You will also take 3 of the following modules that fit your degree and career goals<sup>†</sup>:**

- Contemporary Global Issues
- Entrepreneurship
- Historical Perspectives
- Logic and Critical Thinking
- Mathematics
- People, Culture and Society
- Statistics

**Personal development activities:** during your course, you'll also have activities to build practical, digital and employability skills.

**Learn more about modules:** you'll find module summaries later in this booklet.

****i** Optional integrated online internship**

For selected course options and an extra fee (maximum £1,440), you can take an online internship as an additional final term while at the College in the UK. You will:

- apply and further develop your English language skills in a professional setting
- build real-world experience related to your degree subject at university
- gain additional career skills and experience and boost your CV before your degree.

See the undergraduate module summaries section for more details.

**Extra support:** for courses of over 2 terms, you will take additional modules from a selection of Enhancement and Extended English and Skills options (depending mainly on your IELTS score) before the modules to the left.

**Students with at least UKVI IELTS 5.5:**

you can study a 2.5 or 3-term course that typically includes Enhancement modules to maximise your university preparation:

- Critical Reading, Writing and Reasoning for Higher Education
- Independent and Collaborative Study

**Plus up to 2 of these modules:**

- Digital Applications
- Preparatory Mathematics
- Preparatory Statistics
- UK Society and Culture

**Students with less than UKVI IELTS 5.5:**

you will typically take Extended English and Skills modules to improve your English language and academic skills.

**Students with UKVI IELTS 4.5 or 5.0 will typically take:**

- English for Academic Study 3
- Independent and Collaborative Study
- Reading and Writing 3
- Speaking and Listening 3

**Students with UKVI IELTS 4.0 will typically take:**

- English for Academic Study 2 + English for Academic Study 3
- Independent and Collaborative Study
- Reading and Writing 2 + Reading and Writing 3
- Speaking and Listening 2 + Speaking and Listening 3
- Study Skills Preparation

<sup>†</sup> For some degrees, the University will require you to take particular modules. Details are on the online Degree Finder and will be in your offer letter.

	4 terms	£29,420	June 2026 > August 2027	<b>i</b>	2 terms of Extended English and Skills modules

\* UKVI IELTS alternatives: we can accept other tests as proof of English language. Learn more at: [kaplanpathways.com/uk/ielts/](https://kaplanpathways.com/uk/ielts/)

**Academic entry requirements:** for all course options above, you need to have completed high school at the required level. For requirements specific to your country, select your preferred degree and pathway course from our online Degree Finder: [kaplanpathways.com/essex/ug-degrees](https://kaplanpathways.com/essex/ug-degrees)

**Your course length:** this is influenced by your English language score that you submit as part of the admissions process. Soon after your course starts, we'll check your English and academic level again to make sure you're on the most suitable study plan, with modules that best fit your skills and goals.

**Common modules taken by all students:**

- Collaborative Project
- Economics
- English for Academic Purposes
- Financial Accounting
- Management and Organisation
- Principles of Marketing
- Quantitative Methods and Finance

**Personal development activities:** during your course, you'll also have activities to build practical, digital and employability skills.  
**Learn more about modules:** you'll find module summaries later in this booklet.

***i* Optional integrated online internship**

For selected course options and an extra fee (maximum £1,440), you can take an online internship as an additional final term while at the College in the UK. You will:

- apply and further develop your English language skills in a professional setting
- build real-world experience related to your degree subject at university
- gain additional career skills and experience and boost your CV before your degree.

See the undergraduate module summaries section for more details.

**Extra support:** for courses of over 2 terms, you will take additional modules from a selection of Enhancement and Extended English and Skills options (depending mainly on your IELTS score) before the modules to the left.

**Students with at least UKVI IELTS 5.5:** you can study a 2.5 or 3-term course that typically includes Enhancement modules to maximise your university preparation:

- Critical Reading, Writing and Reasoning for Higher Education
- Independent and Collaborative Study

**Plus up to 2 of these modules:**

- Digital Applications
- Preparatory Mathematics
- Preparatory Statistics
- UK Society and Culture

**Students with less than UKVI IELTS 5.5:** you will typically study Extended English and Skills modules to improve your English language level and academic skills.

**Students with UKVI IELTS 4.5 or 5.0 will typically take:**

- English for Academic Study 3
- Independent and Collaborative Study
- Reading and Writing 3
- Speaking and Listening 3

**Students with UKVI IELTS 4.0 will typically take:**

- English for Academic Study 2 + English for Academic Study 3
- Independent and Collaborative Study
- Reading and Writing 2 + Reading and Writing 3
- Speaking and Listening 2 + Speaking and Listening 3
- Study Skills Preparation

† For some degrees, the University will require you to take particular modules. Details are on the online Degree Finder and will be in your offer letter.

**Learn more about modules:** you'll find module summaries later in this booklet.

****i** Optional integrated online internship**

For selected course options and an extra fee (maximum £1,440), you can take an online internship as an additional final term while at the College in the UK. You will:

- apply and further develop your English language skills in a professional setting
- build real-world experience related to your degree subject at university
- gain additional career skills and experience and boost your CV before your degree.

See the undergraduate module summaries section for more details.

**Extra support:** for courses of over 2 terms, you will take additional modules from a selection of Enhancement and Extended English and Skills options (depending mainly on your IELTS score) before the modules to the left.

**Students with at least UKVI IELTS 5.5:**

you can study a 2.5 or 3-term course that typically includes Enhancement modules to maximise your university preparation:

- Critical Reading, Writing and Reasoning for Higher Education
- Independent and Collaborative Study

**Plus up to 2 of these modules:**

- Digital Applications
- Preparatory Mathematics
- Preparatory Statistics
- UK Society and Culture

**Students with less than UKVI IELTS 5.5:**

you will typically study Extended English and Skills modules to improve your English language level and academic skills.

**Students with UKVI IELTS 4.5 or 5.0 will typically take:**

- English for Academic Study 3
- Independent and Collaborative Study
- Reading and Writing 3
- Speaking and Listening 3

**Students with UKVI IELTS 4.0 will typically take:**

- English for Academic Study 2 + English for Academic Study 3
- Independent and Collaborative Study
- Reading and Writing 2 + Reading and Writing 3
- Speaking and Listening 2 + Speaking and Listening 3
- Study Skills Preparation

**Anatomy and Physiology**

Gain an overview of the major systems of the human body, and how these function and relate to one another.

**Applied Psychology**

Develop an understanding of major psychological theories and key concepts to identify how they can be used in real-life scenarios.

**Biochemistry of Macromolecules**

Discover the biochemistry of biologically important macromolecules that are essential for life.

**Biology**

Gain an understanding of biological systems and organisms, as well as key laboratory processes.

**Chemistry**

Gain an understanding of chemical reactions, fundamental particles and the periodic table.

**Collaborative Project**

Practise your investigative, analytical and collaborative skills on a project carried out with other students.

**Computer Architecture**

Discover the internal structure of microprocessor-based computer systems, and develop knowledge about the operation of low-level hardware and software components.

**Constitutional Law**

Gain an understanding of the UK constitution and the foundations of judicial review, as well as an overview of the key powers and functions of the three branches of government.

**Contemporary Global Issues**

Explore the big issues facing humanity in the 21st century, and critically evaluate their causes and effects.

**Contract Law**

Build an understanding of the knowledge and skills required to identify and draft a legally enforceable contract, and learn to identify key issues in real life scenarios using the law to solve problems.

**Co-operation and Conflict**

Explore the basic problems of conflict and cooperation in international relations, and how to analyse topics in current world affairs.

**Criminal Law**

Learn about the concepts and principles of criminal law, and develop your understanding of the legal elements of criminal liability and the major criminal offences and defences in England and Wales.

**Critical Reading, Writing and Reasoning for Higher Education**

Enhance your ability to read and to understand complex ideas in English, and to compose convincing written arguments.

**Digital Applications**

Develop your digital skill set, helping you use digital tools to support academic study, including using and citing digital sources.

**Discovering Psychology: the Science Behind Human Behaviour**

Explore psychological areas such as: perception, learning, memory, neuroscience, child development, language, personality and social psychology.

**Economic Policy**

Explore topical economic issues in the UK and around the world, and how economics affects policy development.

**Economics**

Gain an understanding of macro- and micro-economics, and explore current trends and issues in the field.

**English for Academic Purposes**

Develop your English to the level you need for university study, and to really get involved in academic discussions.

**English for Academic Study 2**

Improve your English grammar and vocabulary in order to communicate in an academic environment.

**English for Academic Study 3**

Expand your knowledge of English grammar and vocabulary to the level required for degree study.

**Entrepreneurship**

Familiarise yourself with varied concepts of creativity, entrepreneurship and innovation, and how to apply them in business.

**Extended Project**

Learn how to plan, carry out and report an extended project. You can choose a project topic that matches your degree and career goals, and personal interests.

**Financial Accounting**

Learn about standard accounting conventions, and the role of financial accounting within organisations.

**Foundations of Property Law**

Explore the fundamental principles of the law of property, and the framework within which property lawyers operate in England and Wales.

**Fundamentals of Artificial Intelligence**

Gain an understanding of the basic concepts, processes and uses of AI, as well as design and implement a variety of learning systems.

**General and Organic Chemistry**

Gain an understanding of general and organic chemistry through the study of the structure, properties, and reactions of organic compounds.

**Genetics and Evolution**

Learn about DNA, genes, genetic variation, and heredity in organisms. Explore the theories of evolution and natural selection.

**Historical Perspectives**

Gain an understanding of the historical context of your chosen degree area, and skills such as researching, evaluating and interpreting sources.

**Independent and Collaborative Study**

Work independently and in teams on an academic task, and practise applying your subject knowledge and study skills.

**Information Technology**

Discover the key concepts of computer science, including data representation and programming languages.

**Inorganic and Physical Chemistry**

Learn about key aspects of inorganic and physical chemistry that are essential to understand the function of biological systems.

**Intermediate Mathematics**

Expand your knowledge of mathematical concepts including algebra, geometry, problem-solving, trigonometry and vectors.

**Introduction to Databases**

Have the opportunity to construct conceptual data models, and to design and implement a data model for an information system.

**Introduction to International Relations**

Focusing on international security and international political economy, you'll learn about state and non-state actors, the causes of war, terrorism, human rights, international institutions, trade, disaster response and foreign aid.

**Introduction to Politics**

Gain an understanding of political research, theory and philosophy, and explore the origins and organisation of the state, political power, political decisions, ideologies, values, political parties and democracy.

**Introduction to Programming**

Develop problem-solving and analytical skills, combined with an understanding of fundamental programming concepts, algorithms and data structures.

**Legal Skills and the English Legal System**

Gain an overview of the English legal system, including different forms of dispute resolution, and develop research and communication skills to facilitate your studies.

**Logic and Critical Thinking**

Explore the concepts, history and skills relating to logic and critical thinking, and how they apply in real-world contexts.

**Management Accounting**

Find out about the role of financial management in organisations, as well as techniques for financial decision-making.

**Management and Organisation**

Explore the key theories of business management, and learn to evaluate management practices in context.

**Mathematics**

Develop your mathematical skill set in areas such as algebra, decision maths, probabilities and statistics.

**Mathematics for Computing**

Develop an understanding of the fundamental aspects of mathematical concepts related to computing.

**Mathematics for Economics**

Learn the key mathematical knowledge and skills needed to communicate and evaluate economic concepts.

**Microbiology**

Discover the key concepts of infectious diseases through the study of microbes and viruses.

**Molecular Cell Biology**

Gain an understanding of the cell, the basic structural, functional, and biological unit of all known organisms. Explore cell biology through both practical and theoretical methods.

**Object Oriented Programming**

Learn the fundamental principles of object-oriented programming.

**People, Culture and Society**

Learn about the history, theories and issues that relate to human culture and society around the world.

**Physics**

Gain an understanding of astrophysics, electromagnetism, mechanics and thermodynamics.

**Preparatory Mathematics**

Develop your numeracy skills, including algebra, geometry and graphs.

**Preparatory Science**

Gain an introduction to core scientific knowledge, and subject-specific language required to study the sciences.

**Preparatory Statistics**

Build on your knowledge of using statistics, including the use of data to illustrate facts and support theories.

**Principles of Marketing**

Gain an insight into the key principles of modern marketing, and its role in business and commercial competition.

**Quantitative Methods and Finance**

Enhance your understanding of mathematics and quantitative techniques, and how to apply them to accounting, finance and management.

**Quantitative Methods for Life Sciences**

Develop a comprehensive statistical and mathematical skill set by using software which supports data analysis in the field of Life Sciences.

**Reading and Writing 2**

Develop your English reading and writing so that you can understand and articulate ideas and reasoning.

**Reading and Writing 3**

Develop your English reading and writing skills to a sufficient level to communicate complex ideas.

**Research Methods in Psychology**

Enhance understanding of qualitative and quantitative research as well as statistical methods to enable a researcher to select the correct methods to undertake effective research in the field of Psychology.

**Scientific Reasoning and Comparative Political Analysis**

Gain an overview of the basics of philosophy and empirical social science, as well as an the basic approaches of comparative analysis in political sciences.

**Speaking and Listening 2**

Practise listening and speaking so that you are better prepared for academic debate and discussion.

**Speaking and Listening 3**

Improve your ability to listen and speak in English, allowing you to fully engage with academic topics.

**Statistics**

Learn basic algebra, as well as the skills needed to analyse and apply statistics in a range of ways.

**Statistics for Psychologists**

Gain an overview of psychological research through the use of statistical tests and inferential statistics and be able to analyse and interpret information using statistical techniques as well as descriptive statistics.

**Study Skills Preparation**

Gain an introduction to the wide range of skills and strategies you'll need to succeed at university, such as research methods and using and citing sources.

**Transferable Skills in Life Sciences**

Gain valuable skills on presentations, academic writing, critical thinking, and data presentation which are essential across all Life Sciences.

**Truth, Justice and the Nature of Politics and Power**

Explore concepts of truth, justice, democracy, empire, morality, the fair distribution of resources, labour, gender, liberalism, republicanism and the meaning of mass society.

**UK Society and Culture**

Learn more about the culture and society of the UK, and how it differs from others.

**Web Development**

Create a high-quality website, incorporating developed web-based content using a web IDE and content management system.

**Online internship**

While you're at the College in the UK, you'll take an online work placement as your final term if you choose a pathway course with integrated internship.

The internship is offered in partnership with Virtual Internships, a leading education company in the field. This gives you the chance to gain valuable work experience with one of 3,500+ companies around the world.

You will choose one of 18 career fields on your internship, based on your chosen progression degree. This will all help you develop important skills, practise your English and give you some great experience to add to your CV.

**Find out more at:**

[kaplanpathways.com/internship](https://kaplanpathways.com/internship)

**Personal development activities (all courses)****Culture and activities**

We'll help you have a hugely beneficial cultural and social experience, and encourage you to explore different activities, sports, crafts and more. You might learn about local history and culture, or develop your wider subject knowledge and understanding of related industries.

**Employability and digital skills**

Outside of your academic learning, you'll also be taught skills that will be useful at university and later in life. You'll receive help in making the most of your creativity, improving your communication and developing your digital skills. We'll also help you build a CV, portfolio and online profile to empower you after you graduate.

**Social networking**

Forming a strong social network can be very beneficial, even if it's just to discuss and debate ideas. Not only will you get to know your classmates, you'll also have opportunities to join professional bodies, and network with students and industry professionals: something that can be really helpful when you go on to start your career.

**Advanced Mathematics and Statistics**

Develop a comprehensive mathematical skill set, including the analytical skills required for postgraduate study.

**Advanced Social Science**

Learn about the key theories in social sciences, and their relation to methodologies in the field.

**Engineering, Science and Society**

Gain an awareness of ethical issues and debates surrounding research and innovation in the sciences.

**English for Academic Purposes**

Develop your English to the level you need for university study, and to really get involved in academic discussions.

**English for Academic Study 2**

Improve your English grammar and vocabulary in order to communicate in an academic environment.

**English for Academic Study 3**

Expand your knowledge of English grammar and vocabulary to the level required for degree study.

**Independent and Collaborative Study**

Work independently and in teams on an academic task, and practise applying your subject knowledge and study skills.

**Philosophy, History and Culture**

Explore Western philosophy and its history, and analyse events and developments in your degree area in a historical and cultural context.

**Project Management**

Gain key skills in project management, and apply your knowledge to a project.

**Reading and Writing 2**

Develop your English reading and writing so that you can understand and articulate ideas and reasoning.

**Reading and Writing 3**

Develop your English reading and writing skills to a sufficient level to communicate complex ideas.

**Research Project**

Plan, execute and report a comprehensive research project. You can choose a research topic based on your degree and career goals, and personal interests.

**Speaking and Listening 2**

Practise listening and speaking so that you are better prepared for academic debate and discussion.

**Speaking and Listening 3**

Improve your ability to listen and speak in English, allowing you to fully engage with academic topics.

**Strategic Management**

Explore key concepts of strategic management, and evaluate their impact on businesses and their operations.

**Study Skills Preparation**

Gain an introduction to the wide range of skills and strategies you'll need to succeed at university, such as research methods and using and citing sources.

**UK Society and Culture (Advanced)**

Learn more about a range of aspects of British culture, as well as British cultural and social institutions.

**Online internship**

While you're at the College in the UK, you'll take an online work placement as your final term if you choose a pathway course with integrated internship.

The internship is offered in partnership with Virtual Internships, a leading education company in the field. This gives you the chance to gain valuable work experience with one of 3,500+ companies around the world.

You will choose one of 18 career fields on your internship, based on your chosen progression degree. This will all help you develop important skills, practise your English and give you some great experience to add to your CV.

**Find out more at:**

**Personal development activities (all courses)****Culture and activities**

We'll help you have a hugely beneficial cultural and social experience, and encourage you to explore different activities, sports, crafts and more. You might learn about local history and culture, or develop your wider subject knowledge and understanding of related industries.

**Employability and digital skills**

Outside of your academic learning, you'll also be taught skills that will be useful at university and later in life. You'll receive help in making the most of your creativity, improving your communication and developing your digital skills. We'll also help you build a CV, portfolio and online profile to empower you after you graduate.

**Social networking**

Forming a strong social network can be very beneficial, even if it's just to discuss and debate ideas. Not only will you get to know your classmates, you'll also have opportunities to join professional bodies, and network with students and industry professionals: something that can be really helpful when you go on to start your career.

### **Degree preparation online**

If you are unable to come to the UK to study, you can take a degree preparation course online from your home country, before progressing to an in-person degree at your chosen university in the UK.

This publication has been drafted in advance of the academic year to which it applies. Every effort has been made to ensure that the information is accurate at the time of publishing, but changes (for example to course content) are likely to occur given the interval between publishing and commencement of the course. It is therefore very important to check the website or contact us for any updates before you apply. Once you have applied, any change which impacts the terms and conditions of your offer or a significant part of your programme will be communicated to you.

University of Essex International College is operated by Kaplan Essex Limited (Company number 10846169). Registered office address: Palace House, 3 Cathedral Street, London SE1 9DE, United Kingdom.
