Fast-track your future with an International Year One

The International Year One (IYO) will allow you to progress straight to the second year of your degree in the UK at the University of Essex.

Seven IYO subjects to choose from:

Business

Computing

Economics

Law

Life Sciences

**Politics and
International
Relations**

Psychology

KAPLAN INTERNATIONAL
PATHWAYS

What's it like to take an IYO at Essex?

You'll make friends, learn a lot, explore a new culture and more, all while making progress towards your degree and future career.

Experience campus life

You'll live in comfy accommodation on campus during your IYO, so you can join in campus life as part of a diverse student community. And you're only an hour's train journey from London!

Achieve more in less time

An IYO combines degree preparation with the equivalent of the first year of an undergraduate degree, all at the University of Essex International College. You'll then start the remaining years of your degree, meaning you'll graduate in a shorter amount of time.
