#### Your path to university:

**Costs of studying abroad:** For details about the cost of studying in Nottingham, in addition to pathway course tuition fees, see: [kaplanpathways.com/nottingham-study-costs](http://kaplanpathways.com/nottingham-study-costs)

**Accepted English tests:** we accept UKVI IELTS and several alternatives. For full details, see: [kaplanpathways.com/uk/ielts/](http://kaplanpathways.com/uk/ielts/)

## University of Nottingham International College

### Choose your undergraduate degree

Available degree options may change over time, so visit our online Degree Finder for the most up-to-date list: [kaplanpathways.com/nottingham/ug-degrees](http://kaplanpathways.com/nottingham/ug-degrees)

#### Key:

**B:** Foundation Certificate for Business, Law and Social Sciences

**S:** Foundation Certificate for Science and Engineering

#### Art and Design

BEng (Hons) Product Design and Manufacture	S
MEng (Hons) Product Design and Manufacture	S

#### Building and Architecture

BArch (Hons) Architecture	S
BEng (Hons) Architectural Environment Engineering	S
MEng (Hons) Architectural Environment Engineering	S
MEng (Hons) Architecture and Environmental Design	S

#### Business and Finance

BSc (Hons) Economics	B
BSc (Hons) Finance, Accounting and Management	B
BSc (Hons) Industrial Economics	B
BSc (Hons) Industrial Economics with Insurance	B
BSc (Hons) International Management	B
BSc (Hons) Management	B

**Internships:** all pathway course subjects have the option of an integrated virtual internship as an extra final term in the UK. This finishes in time for you to still start your university degree on schedule.  
Your internship gives you the chance to gain valuable work experience and career skills, even before you progress to university.

#### Computing

BSc (Hons) Computer Science	S
MSci (Hons) Computer Science	S
BSc (Hons) Computer Science and Artificial Intelligence	S
MSci (Hons) Computer Science with Artificial Intelligence	S

#### Education

BA (Hons) Education	B
---------------------	---

#### Engineering

BEng (Hons) Aerospace Engineering	S
MEng (Hons) Aerospace Engineering	S
MEng (Hons) Chemical Engineering	S
BEng (Hons) Chemical Engineering	S
MEng (Hons) Chemical Engineering with Environmental Engineering	S
BEng (Hons) Chemical Engineering with Environmental Engineering	S

BEng (Hons) Civil Engineering	S
MEng (Hons) Civil Engineering	S
BEng (Hons) Electrical and Electronic Engineering	S
BEng (Hons) Electrical Engineering	S
MEng (Hons) Electrical Engineering	S
BEng (Hons) Electronic and Computer Engineering	S
MEng (Hons) Electronic and Computer Engineering	S
BEng (Hons) Electronic Engineering	S
MEng (Hons) Electronic Engineering	S
MEng (Hons) Environmental Engineering	S
BEng (Hons) Environmental Engineering	S
BEng (Hons) Manufacturing Engineering	S
MEng (Hons) Manufacturing Engineering	S
MEng (Hons) Mechanical Engineering	S
BEng (Hons) Mechanical Engineering	S
BEng (Hons) Product Design and Manufacture	S
MEng (Hons) Product Design and Manufacture	S
BSc (Hons) Statistics	S

#### Environment and Agriculture

BSc (Hons) Agricultural Business Management	S
BSc (Hons) Agriculture	S
BSc (Hons) Environmental Biology	S
BSc (Hons) Environmental Science	S
MSci (Hons) Environmental Science	S
BA (Hons) Geography	B
BSc (Hons) Geography	B S
BA (Hons) Geography with Business	B

#### Law

LLB (Hons) Law	B
----------------	---

#### Marketing and Media

BA (Hons) Film and Screen Studies	B
BA (Hons) International Media and Communications Studies	B

#### Mathematics

BSc (Hons) Financial Mathematics	S
BSc (Hons) Mathematical Physics	S
BSc (Hons) Mathematics	S
MMath (Hons) Mathematics	S
BSc (Hons) Mathematics and Economics	S

**Music and Performing Arts**

BA (Hons) Music	<b>B</b>

\* UKVI IELTS alternatives: we can accept other tests as proof of English language. Learn more at: [kaplanpathways.com/uk/ielts/](https://kaplanpathways.com/uk/ielts/)

**Academic entry requirements:** for all course options above, you need to have completed high school at the required level. For requirements specific to your country, select your preferred degree and pathway course from our online Degree Finder: [kaplanpathways.com/nottingham/ug-degrees](https://kaplanpathways.com/nottingham/ug-degrees)

**Your course length:** this is influenced by your English language score that you submit as part of the admissions process. Soon after your course starts, we'll check your English and academic level again to make sure you're on the most suitable study plan, with modules that best fit your skills and goals.

#### Common modules taken by all students:

- English for Academic Purposes
- Extended Project

#### You will also take 2 or 3 of the following modules that fit your degree and career goals<sup>†</sup>:

- Business Organisations and Management
- Contemporary Global Issues
- Historical Perspectives
- Introduction to Legal Principles and Systems
- Logic and Critical Thinking
- Mathematics
- People, Culture and Society
- Statistics
- Visual Culture

**Personal development activities:** during your course, you'll also have activities to build practical, digital and employability skills.

**Learn more about modules:** you'll find module summaries later in this booklet.

#### **i** Optional integrated online internship

For selected course options and an extra fee (maximum £1,440), you can take an online internship as an additional final term while at the College in the UK. You will:

- apply and further develop your English language skills in a professional setting
  - build real-world experience related to your degree subject at university
  - gain additional career skills and experience and boost your CV before your degree.
- See the undergraduate module summaries section for more details.

**Extra support:** for courses of over 2 terms, you will take additional modules from a selection of Enhancement and Extended English and Skills options (depending mainly on your IELTS score) before the modules to the left.

**Students with at least UKVI IELTS 5.5:** you can study a 2.5 or 3-term course that typically includes Enhancement modules to maximise your university preparation:

- Critical Reading, Writing and Reasoning for Higher Education
- Independent and Collaborative Study

#### Plus 2 of these modules:

- Digital Applications
- Preparatory Mathematics
- Preparatory Statistics
- UK Society and Culture

**Students with less than UKVI IELTS 5.5:** you will typically take Extended English and Skills modules to improve your English language and academic skills.

**Students with UKVI IELTS 4.5 or 5.0 will typically take:**

- English for Academic Study 3
- Independent and Collaborative Study
- Reading and Writing 3
- Speaking and Listening 3

**Students with UKVI IELTS 4.0 will typically take:**

- English for Academic Study 2 and 3
- Independent and Collaborative Study
- Reading and Writing 2 and 3
- Speaking and Listening 2 and 3
- Study Skills Preparation

<sup>†</sup> For some degrees, the University will require you to take particular modules. Details are on the online Degree Finder and will be in your offer letter.

- Study Skills Preparation

<sup>†</sup> For some degrees, the University will require you to take particular modules. Details are on the online Degree Finder and will be in your offer letter.

**Biology**

Gain an understanding of biological systems and organisms, as well as key laboratory processes.

**Business Organisations and Management**

Examine key concepts in management theory and practice, and discuss issues relating to management in modern organisations.

**Chemistry**

Gain an understanding of chemical reactions, fundamental particles and the periodic table.

**Contemporary Global Issues**

Explore the big issues facing humanity in the 21st century, and critically evaluate their causes and effects.

**Critical Reading, Writing and Reasoning for Higher Education**

Enhance your ability to read and understand complex ideas in English, and to compose convincing written arguments.

**Digital Applications**

Develop your digital skill set, helping you use digital tools to support academic study, including using and citing digital sources.

**English for Academic Purposes**

Develop your English to the level you need for university study, and to really get involved in academic discussions.

**English for Academic Study 2**

Improve your English grammar and vocabulary in order to communicate in an academic environment.

**English for Academic Study 3**

Expand your knowledge of English grammar and vocabulary to the level required for degree study.

**Extended Project**

Learn how to plan, carry out and report an extended project. Choose a topic that matches your degree and career goals, and personal interests.

**Historical Perspectives**

Gain an understanding of the historical context of your chosen degree area, and skills such as researching, evaluating and interpreting sources.

**Independent and Collaborative Study**

Work independently and in teams on an academic task, and practise applying your subject knowledge and study skills.

**Information Technology**

Discover the key concepts of computer science, including data representation and programming languages.

**Intermediate Mathematics**

Expand your knowledge of various mathematical concepts including algebra, geometry, problem-solving, trigonometry and vectors.

**Introduction to Legal Principles and Systems**

An introductory overview and understanding of fundamental features of the English legal system.

**Logic and Critical Thinking**

Explore the concepts, history and skills relating to logic and critical thinking, and how they apply in real-world contexts.

**Mathematics**

Develop your mathematical skill set in areas such as algebra, decision maths, probabilities and statistics.

**People, Culture and Society**

Learn about the history, theories and issues that relate to human culture and society around the world.

**Physics**

Gain an understanding of astrophysics, electromagnetism, mechanics and thermodynamics.

**Preparatory Mathematics**

Develop your numeracy skills, such as algebra, geometry and graphs.

**Preparatory Science**

Gain an introduction to core scientific knowledge, and subject-specific language required to study the sciences.

**Preparatory Statistics**

Build on your knowledge of using statistics, including the use of data to illustrate facts and support theories.

**Reading and Writing 2**

Develop your English reading and writing so that you can understand and articulate ideas and reasoning.

**Reading and Writing 3**

Develop your English reading and writing skills to a sufficient level to communicate complex ideas.

**Speaking and Listening 2**

Practise listening and speaking so that you are better prepared for academic debate and discussion.

**Speaking and Listening 3**

Improve your ability to listen and speak in English, allowing you to fully engage with academic topics.

**Statistics**

Learn basic algebra, as well as the skills needed to analyse and apply statistics in a range of ways.

**Study Skills Preparation**

Gain an introduction to the wide range of skills and strategies you'll need to succeed at university, such as research methods and using and citing sources.

**UK Society and Culture**

Learn more about the culture and society of the UK, and how it differs from others.

**Visual Culture**

Using an annotated visual research journal, you will evaluate key practitioners and movements and their historical, cultural and political contexts.

**Online internship**

While you're at the College in the UK, you'll take an online work placement as your final term if you choose a pathway course with integrated internship.

The internship is offered in partnership with Virtual Internships, a leading education company in the field. This gives you the chance to gain valuable work experience with one of 3,500+ companies around the world.

You will choose one of 18 career fields on your internship, based on your chosen progression degree. This will all help you develop important skills, practise your English and give you some great experience to add to your CV.

**Find out more at:**

[kaplanpathways.com/internship](https://kaplanpathways.com/internship)

**Personal development activities (all courses)****Culture and activities**

We'll help you have a hugely beneficial cultural and social experience, and encourage you to explore different activities, sports, crafts and more. You might learn about local history and culture, or develop your wider subject knowledge and understanding of related industries.

**Employability and digital skills**

Outside of your academic learning, you'll also be taught skills that will be useful at university and later in life. You'll receive help in making the most of your creativity, improving your communication and developing your digital skills. We'll also help you build a CV, portfolio and online profile to empower you after you graduate.

**Social networking**

Forming a strong social network can be very beneficial, even if it's just to discuss and debate ideas. Not only will you get to know your classmates, you'll also have opportunities to join professional bodies, and network with students and industry professionals: something that can be really helpful when you go on to start your career.

\* UKVI IELTS alternatives: we can accept other tests as proof of English language. Learn more at: [kaplanpathways.com/uk/ielts/](https://kaplanpathways.com/uk/ielts/)

**Academic entry requirements:** for all course options above, you need to have completed at least 3 years of higher education in a suitable subject. For requirements specific to your country, select your preferred degree and pathway course from our online Degree Finder: [kaplanpathways.com/nottingham/pg-degrees](https://kaplanpathways.com/nottingham/pg-degrees)

**Your course length:** this is influenced by your English language score that you submit as part of the admissions process. Soon after your course starts, we'll check your English and academic level again to make sure you're on the most suitable study plan, with modules that best fit your skills and goals.

#### Common modules taken by all students:

- English for Academic Purposes
- Research Project

#### You will also take 2 of the following modules to prepare for postgraduate study<sup>†</sup>:

- Accounting and Finance
- Advanced Mathematics
- Advanced Statistics
- Project Management
- Strategic Management

**Personal development activities:** during your course, you'll also have activities to build practical, digital and employability skills.

**Learn more about modules:** you'll find module summaries later in this booklet.

#### **i** Optional integrated online internship

For selected course options and an extra fee (maximum £1,440), you can take an online internship as an additional final term while at the College in the UK. You will:

- apply and further develop your English language skills in a professional setting
- build real-world experience related to your degree subject at university
- gain additional career skills and experience and boost your CV before your degree.

See the postgraduate module summaries section for more details.

**Extra support:** for courses of over 2 terms, you will also take Extended English and Skills modules before the modules to the left.

#### Students on a 2.5 or 3-term course will typically study:

- English for Academic Study 3
- Independent and Collaborative Study
- Reading and Writing 3
- Speaking and Listening 3

#### Students on a 3.5 or 4-term course will typically study:

- English for Academic Study 2 and 3
- Independent and Collaborative Study
- Reading and Writing 2 and 3
- Speaking and Listening 2 and 3
- Study Skills Preparation

<sup>†</sup> For some degrees, the University will require you to take particular modules. Details are on the online Degree Finder and will be in your offer letter.

<sup>†</sup> For some degrees, the University will require you to take particular modules. Details are on the online Degree Finder and will be in your offer letter.

**Accounting and Finance**

Evaluate various financial and accounting concepts, models and techniques, and apply them to a firm's strategic decision making.

**Advanced Mathematics**

You'll develop a wide range of mathematical and analytical skills essential for postgraduate study in mathematics, business and related disciplines.

**Advanced Social Science**

Learn about the key theories in social sciences, and their relation to methodologies in the field.

**Advanced Statistics**

Critique research data and apply standard statistical tools for the analysis of research quality.

**Engineering, Science and Society**

Gain an awareness of ethical issues and debates surrounding research and innovation in the sciences.

**English for Academic Purposes**

Develop your English to the level you need for university study, and to really get involved in academic discussions.

**English for Academic Study 2**

Improve your English grammar and vocabulary in order to communicate in an academic environment.

**English for Academic Study 3**

Expand your knowledge of English grammar and vocabulary to the level required for degree study.

**Independent and Collaborative Study**

Work independently and in teams on an academic task, and practise applying your subject knowledge and study skills.

**Introduction to English, European, and International Law**

This module aims to give you a solid grounding in legal principles and research techniques.

**Project Management**

Gain key skills in project management, and apply your knowledge to a project.

**Reading and Writing 2**

Develop your English reading and writing so that you can understand and articulate ideas and reasoning.

**Reading and Writing 3**

Develop your English reading and writing skills to a sufficient level to communicate complex ideas.

**Research Project**

Plan, carry out and report a thorough research project. Choose a topic that matches your degree and career goals, and personal interests.

**Speaking and Listening 2**

Practise listening and speaking so that you are better prepared for academic debate and discussion.

**Speaking and Listening 3**

Improve your ability to listen and speak in English, allowing you to fully engage with academic topics.

**Strategic Management**

Explore key concepts of strategic management, and evaluate their impact on businesses and their operations.

**Study Skills Preparation**

Gain an introduction to the wide range of skills and strategies you'll need to succeed at university, such as research methods and using and citing sources.

**UK Society and Culture (Advanced)**

Learn more about a range of aspects of British culture, as well as British cultural and social institutions.

**Online internship**

While you're at the College in the UK, you'll take an online work placement as your final term if you choose a pathway course with integrated internship.

The internship is offered in partnership with Virtual Internships, a leading education company in the field. This gives you the chance to gain valuable work experience with one of 3,500+ companies around the world.

You will choose one of 18 career fields on your internship, based on your chosen progression degree. This will all help you develop important skills, practise your English and give you some great experience to add to your CV.

**Find out more at:**

[kaplanpathways.com/internship](http://kaplanpathways.com/internship)

**Personal development activities (all courses)****Culture and activities**

We'll help you have a hugely beneficial cultural and social experience, and encourage you to explore different activities, sports, crafts and more. You might learn about local history and culture, or develop your wider subject knowledge and understanding of related industries.

**Employability and digital skills**

Outside of your academic learning, you'll also be taught skills that will be useful at university and later in life. You'll receive help in making the most of your creativity, improving your communication and developing your digital skills. We'll also help you build a CV, portfolio and online profile to empower you after you graduate.

**Social networking**

Forming a strong social network can be very beneficial, even if it's just to discuss and debate ideas. Not only will you get to know your classmates, you'll also have opportunities to join professional bodies, and network with students and industry professionals: something that can be really helpful when you go on to start your career.

## Pre-Doctorate

A Pre-Doctorate will help you prepare for an Engineering-related doctoral degree in the UK. You're guaranteed an interview with the University of Nottingham's highly-respected Faculty of Engineering if you're on track to successfully complete your course. Progression to doctoral degrees in other Faculties is available on a case by case basis.

### All students will take these core modules:

- Academic Skills and Communication for Doctoral Study
- Research Proposal Design for Doctoral Study
- The Doctoral Candidate

### If you're on a 2-term course, you'll also study:

- Critical Reading, Writing and Reasoning for Higher Education
- English for Academic Study 3
- Reading and Writing 3
- Speaking and Listening 3

### If you're on a 3-term course, you'll study

#### all of the modules to the left, plus:

- English for Academic Study 2
- Reading and Writing 2
- Speaking and Listening 2

## Pre-Doctorate module summaries

1/1

### Academic Writing and Communication Skills

Become familiar with key terminology, develop your written and spoken critical thinking and understand your subject specialism.

### Critical Reading, Writing and Reasoning for Higher Education 1

Enhance your ability to read and understand complex ideas in English, and to compose convincing written arguments.

### Critical Reading, Writing and Reasoning for Higher Education 2

Develop an advanced ability to explore complex concepts and abstract ideas in written and spoken English.

### English for Academic Study 2

Improve your English grammar and vocabulary in order to communicate in an academic environment.

### English for Academic Study 3

Expand your knowledge of English grammar and vocabulary to the level required for degree study.

### Reading and Writing 2

Develop your English reading and writing so that you can understand and articulate ideas and reasoning.

### Reading and Writing 3

Develop your English reading and writing skills to a sufficient level to communicate complex ideas.

### Research Proposal Design for Doctoral Study

Develop a research topic, understand data collection methods and plan a viable proposal for your doctorate.

### Speaking and Listening 2

Practise listening and speaking so that you are better prepared for academic debate and discussion.

### Speaking and Listening 3

Improve your ability to listen and speak in English, allowing you to fully engage with academic topics.

### The Doctoral Candidate

Explore the key skills required for doctoral study, learn what makes a successful application and consider your future career.
