Notes

Business and Finance

University of York International Pathway College

Foundation Certificate

Business and Finance

| Minimum English level: UKVI IELTS score* | Course length | Course tuition | Course start > Course end | Add-ons | Extra support |
|---|--------------------------|-------------------|------------------------------|---------|---|
| > Your Foundation Certif | icate options | for degree | entry in September 2025 | | |
| 5.5 overall with no less than 5.0 in Speaking and Writing and 4.5 in Reading and Listening | 1.5 terms (intensive) | £19,775 | February 2025 > August 2025 | | |
| 5.5 overall with no less | 2 torms | C21 400 | September 2024 > May 2025 | 0 | |
| than 4.5 in any skill | 2 terms | £21,490 | January 2025 > August 2025 | | |
| 5.0 overall with no less than 4.5 in any skill | 2.5 terms | £22,950 | October 2024 > August 2025 | | 0.5 terms of Academic Skills and English language modules |
| 5.0 overall with no less than 4.0 in any skill | 3 terms | £22,950 | September 2024 > August 2025 | | 1 term of Academic Skills and English language modules |

Common modules taken by all students:

- · Business and Management
- · Introduction to Economics
- · Language and Study Skills 2[^]
- Statistics
- ^ Note: students on the 1.5-term course will have fewer taught hours of Language and Study Skills 2, because of their higher English language level at the point of entry.

Extra support: for courses longer than 2 terms with no internship, you'll also take Academic Skills and English language modules to gain extra university preparation:

- · Contemporary Global Issues
- Foundation Mathematics
- · Language and Study Skills 1

Learn more about modules: you'll find module summaries later in this booklet.

1 Optional integrated online internship

For selected course options and just a small extra fee (maximum £1350), you can take an internship as an additional final term while at the Pathway College in the UK. You will:

- · apply and further develop your English language in a professional setting
- build real-world experience related to your degree subject at university
- gain additional career skills and experience and boost your CV before your degree See the undergraduate module summaries section for more details.

Academic entry requirements: for all course options above, you need to have completed high school at the required level. For requirements specific to your country, select your preferred degree and pathway course from our online Degree Finder: kaplanpathways.com/york/ipc-ug-degrees

Your course length: this is influenced by your English language score that you submit as part of the admissions process. Soon after your course starts, we'll check your English and academic level again to make sure you're on the most suitable study plan, with modules that best fit your skills and goals.

^{*} UKVI IELTS alternatives: we can accept other tests as proof of English language. Learn more at: kaplanpathways.com/uk/ielts/

Computer Science and Engineering

Common modules taken by all students:

- · 21st Century Media
- · Language and Study Skills 2[^]
- · State and Society
- Statistics

Extra support: for courses longer than 2 terms with no internship, you'll also take Academic Skills and English language modules to gain extra university preparation:

- · Contemporary Global Issues
- Foundation Mathematics
- · Language and Study Skills 1

Learn more about modules: you'll find module summaries later in this booklet.

1 Optional integrated online internship

For selected course options and just a small extra fee (maximum £1350), you can take an internship as an additional final term while at the Pathway College in the UK. You will:

- apply and further develop your English language in a professional setting
- build real-world experience related to your degree subject at university
- gain additional career skills and experience and boost your CV before your degree See the undergraduate module summaries section for more details.

Academic entry requirements: for all course options above, you need to have completed high school at the required level. For requirements specific to your country, select your preferred degree and pathway course from our online Degree Finder: kaplanpathways.com/york/ipc-ug-degrees

Your course length: this is influenced by your English language score that you submit as part of the admissions process. Soon after your course starts, we'll check your English and academic level again to make sure you're on the most suitable study plan, with modules that best fit your skills and goals.

[^] Note: students on the 1.5-term course will have fewer taught hours of Language and Study Skills 2, because of their higher English language level at the point of entry.

^{*} UKVI IELTS alternatives: we can accept other tests as proof of English language. Learn more at: kaplanpathways.com/uk/ielts/

Undergraduate module summaries

Notes

21st Century Media

Study topical issues in media such as TV, film, games and the internet, and analyse media trends, issues and technologies.

Advanced Mathematics

Learn the mathematical skills needed for the study of Science and Economics, including the topics of calculus, matrices, vectors, algebra and trigonometry.

Biology

Understand the key concepts, structures and processes within biology.

Business and Management

Explore the basics of national and international business environments, and understand the role of management and strategy in business.

Chemistry

Study physical, organic and inorganic chemistry, explore patterns in the periodic table, and learn to describe chemical reactions.

Contemporary Global Issues

Explore topical issues and their historical origins, and study the short and long-term implications of a variety of current affairs.

Core Science

Learn about key scientific concepts and principles, and explore the most important topics in biology, chemistry and physics.

Electronics

The electronics module is designed to provide you with an introduction to the behaviour of electronic components and their use in circuits.

Foundation Mathematics

Understand core concepts of mathematics, and learn algebra, calculus and trigonometry.

Introduction to Economics

Learn about micro and macro economics, and study aggregate economic behaviour and how an open economy works.

Introduction to Law

Learn about English law, and understand how to structure solutions to legal problems.

Language and Study Skills 1

Learn how to speak, read, write and listen in an academic context, and improve your vocabulary, grammar and pronunciation.

Language and Study Skills 2

Develop academic English knowledge, and apply academic style to written and spoken work.

Mathematics for Life Scientists

Learn the mathematics skills needed in life science studies.

Robotics, Programming and Electronics

Design and programme a robot, and design and build simple electronic circuits.

State and Society

Explore the fundamentals of politics and sociology, and consider the relationship between the state, society and the individual.

Statistics

Learn the skills needed to analyse and apply statistics in a range of ways

Online internship

While you're at the College in the UK, you'll take an online work placement as your final term if you choose a pathway course with integrated internship.

The internship is offered in partnership with Virtual Internships, a leading education company in the field. This gives you the chance to gain valuable work experience at one of 3,500+ companies around the world.

You will choose one of 18 career fields on your internship, based on your chosen progression degree. This will all help you develop important skills, practise your English and give you some great experience to add to your CV.

Common modules taken by all students:

- Language and Study Skills
- Mathematics for Postgraduates
- Research Skills
- · Statistics for Postgraduates

Extra support for 2.5-term courses: you'll also take a 5-week English language module to give you additional preparation for university:

· English for Academic Purposes

Extra support for 3-term courses with no internship: you'll also take an Entry to Pre-Masters module to give you additional preparation for university:

English for Academic Purposes

Learn more about modules: you'll find module summaries later in this booklet.

Optional integrated online internship

For selected course options and just a small extra fee (maximum £1350), you can take an internship as an additional final term while at the Pathway College in the UK. You will:

- apply and further develop your English language in a professional setting
- build real-world experience related to your degree subject at university
- gain additional career skills and experience and boost your CV before your degree
 See the postgraduate module summaries section for more details.

Academic entry requirements: for all course options above, you need to have completed at least 3 years of higher education in a suitable subject. For requirements specific to your country, select your preferred degree and pathway course from our online Degree Finder: kaplanpathways.com/york/ipc-pg-degrees

Your course length: this is influenced by your English language score that you submit as part of the admissions process. Soon after your course starts, we'll check your English and academic level again to make sure you're on the most suitable study plan, with modules that best fit your skills and goals.

^{*} UKVI IELTS alternatives: we can accept other tests as proof of English language. Learn more at: kaplanpathways.com/uk/lelts/

Postgraduate module summaries

Notes

Contemporary Issues in Society

Develop understanding of political and social issues, including perspectives related to education and the media.

English for Academic Purposes (0.5-term English Language Pre-Sessional)

This module aims to develop your English language ability, and will give you an introduction into academic English and the study skills that you will need to be a successful student.

English for Academic Purposes (1-term Entry to Pre-Masters)

Learn English language skills in an academic context, and improve your writing and speaking skills.

International Business with Law

Achieve a broad understanding of the international business environment, including its financial and legal aspects.

Introduction to Management

Understand the functions of management within a practical context.

Language and Study Skills

Develop your academic language in reading, writing, speaking and listening, using a range of media. Improve your study skills to become a more independent learner.

Mastering the Social Sciences for the 21st Century

Develop knowledge and understanding of the social sciences that will give you the confidence to be successful in your future postgraduate study.

Mathematics for Postgraduates

Learn key differentiation and integration techniques, and study limits, sequences and series, equations of lines, planes and surfaces, and double and triple integrals and vector calculus.

Research Skills

Develop your design, organisational and critical thinking skills to conduct your own research project and evaluate the work of others.

Statistics for Postgraduates

Learn methods of probability and statistics, experimental design and sampling, and develop data handling skills.

Online internship

While you're at the College in the UK, you'll take an online work placement as your final term if you choose a pathway course with integrated internship.

The internship is offered in partnership with Virtual Internships, a leading education company in the field. This gives you the chance to gain valuable work experience at one of 3,500+ companies around the world.

You will choose one of 18 career fields on your internship, based on your chosen progression degree. This will all help you develop important skills, practise your English and give you some great experience to add to your CV.
