BSc (Hons) Computer Science with Cyber Security	<b>S C1</b>
BSc (Hons) Data Science	<b>S</b>
MSci (Hons) Data Science	<b>S</b>

#### Education

BA (Hons) Sociology with Education	<b>B</b>
------------------------------------	----------

#### Engineering

BEng (Hons) Electronic and Computer Engineering	<b>S</b>
MEng (Hons) Electronic and Computer Engineering	<b>S</b>
BEng (Hons) Electronic and Electrical Engineering	<b>S</b>
MEng (Hons) Electronic and Electrical Engineering	<b>S</b>
BEng (Hons) Electronic Engineering	<b>S</b>
MEng (Hons) Electronic Engineering	<b>S</b>

BEng (Hons) Electronic Engineering with Music Technology Systems	<b>S</b>
MEng (Hons) Electronic Engineering with Music Technology Systems	<b>S</b>
MEng (Hons) Engineering	<b>S</b>
BEng (Hons) Engineering	<b>S</b>
MEng (Hons) Engineering with Renewable Energy	<b>S</b>
MEng (Hons) Medical Engineering	<b>S</b>
MEng (Hons) Micro-mechanical Engineering	<b>S</b>
BEng (Hons) Music Technology Systems	<b>S</b>
MEng (Hons) Music Technology Systems	<b>S</b>
MEng (Hons) Robotic Engineering	<b>S</b>

**Internships:** all pathway course subjects have the option of an integrated virtual internship as an extra final term in the UK. This finishes in time for you to still start your university degree on schedule.

You'll take your online internship in the UK, giving you the chance to gain valuable work experience and improve your employability.

#### Environment and Agriculture

BSc (Hons) Environmental Science	<b>B</b>
MEnv (Hons) Environmental Science	<b>B</b>
BA (Hons) Human Geography and Environment	<b>B</b>
BSc (Hons) Physical Geography and Environment	<b>B</b>
MEnv (Hons) Physical Geography and Environment	<b>B</b>

#### Law

LLB (Hons) International Human Rights Law	<b>B</b>
LLB (Hons) Law	<b>B</b>
LLB (Hons) Law and Criminology	<b>B</b>

#### Marketing and Media

BA (Hons) Business of the Creative Industries	<b>B</b>
BSc (Hons) Film and Television Production	<b>B</b>
BSc (Hons) Interactive Media	<b>B</b>
BSc (Hons) Marketing	<b>B</b>

Minimum English level: UKVI IELTS score*	Course length	Course tuition	Course start > Course end	Add-ons	Extra support
<b>&gt; Your Foundation Certificate options for degree entry in September 2027</b>					
<b>5.5 overall</b> with no less than 5.0 in Speaking and Writing and 4.5 in Reading and Listening	1.5 terms (intensive)	£20,580	February 2027 > August 2027		
<b>5.5 overall</b> with no less than 4.5 in any skill	2 terms	£22,640	September 2026 > May 2027 January 2027 > August 2027	<b>i</b>	
<b>5.0 overall</b> with no less than 4.5 in any skill	2.5 terms	£24,330	November 2026 > August 2027		0.5 terms of Academic Skills and English language modules
<b>5.0 overall</b> with no less than 4.0 in any skill	3 terms	£24,330	September 2026 > August 2027		1 term of Academic Skills and English language modules

**Common modules taken by all students:**

- Language and Study Skills 2<sup>^</sup>
- Statistics

**You will also take 2 of the following modules that fit your degree and career goals<sup>†</sup>:**

- 21st Century Media
- Advanced Mathematics
- Introduction to Economics
- Introduction to Law
- Robotics, Programming and Electronics
- State and Society

<sup>^</sup> Note: students on the 1.5-term course will have fewer taught hours of Language and Study Skills 2, because of their higher English language level at the point of entry.

**Extra support:** for courses longer than 2 terms with no internship, you'll also take Academic Skills and English language modules to gain extra university preparation:

- Contemporary Global Issues
- English for Academic Purposes
- Foundation Mathematics

**Learn more about modules:** you'll find module summaries later in this booklet.

****i** Optional integrated online internship**

For selected course options and just a small extra fee (maximum £1,490), you can take an online internship as an additional final term while at the Pathway College in the UK. You will:

- apply and further develop your English language in a professional setting
- build real-world experience related to your degree subject at university
- gain additional career skills and experience and boost your CV before your degree.

See the undergraduate module summaries section for more details.

\* UKVI IELTS alternatives: we can accept other tests as proof of English language. Learn more at: [kaplanpathways.com/uk/ielts](https://kaplanpathways.com/uk/ielts)

**Academic entry requirements:** for all course options above, you need to have completed high school at the required level. For requirements specific to your country, select your preferred degree and pathway course from our online Degree Finder: [kaplanpathways.com/york/ipc-ug-degrees](https://kaplanpathways.com/york/ipc-ug-degrees)

**Your course length:** this is influenced by your English language score that you submit as part of the admissions process. Soon after your course starts, we'll check your English and academic level again to make sure you're on the most suitable study plan, with modules that best fit your skills and goals.

<sup>†</sup> For some degrees, the University will require you to take particular modules. Details are on the online Degree Finder and will be in your offer letter.

See the undergraduate module summaries section for more details.

† For some degrees, the University will require you to take particular modules. Details are on the online Degree Finder and will be in your offer letter.

**21st Century Media**

Study topical issues in media such as TV, film, games and the internet, and analyse media trends, issues and technologies.

**Advanced Mathematics**

Learn the mathematical skills needed for the study of Science and Economics, including the topics of calculus, matrices, vectors, algebra and trigonometry.

**Biology**

Understand the key concepts, structures and processes within biology.

**Chemistry**

Study physical, organic and inorganic chemistry, explore patterns in the periodic table, and learn to describe chemical reactions.

**Computer Architecture**

Discover the internal structure of microprocessor-based computer systems, and develop knowledge about the operation of low-level hardware and software components.

**Contemporary Global Issues**

Explore topical issues and their historical origins, and study the short and long-term implications of a variety of current affairs.

**Core Science**

Learn about key scientific concepts and principles, and explore the most important topics in biology, chemistry and physics.

**Critical Reading, Writing and Reasoning for Higher Education**

Enhance your ability to read and understand complex ideas in English, and to compose convincing written arguments.

**Digital Applications**

Develop your digital skillset, helping you use digital tools to support academic study, including using and citing digital sources.

**Electronics**

The electronics module is designed to provide you with an introduction to the behaviour of electronic components and their use in circuits.

**English for Academic Purposes**

Develop your English to the level you need for university study, and to really get involved in academic discussions.

**English for Academic Study 3**

Expand your knowledge of English grammar and vocabulary to the level required for degree study.

**Financial Accounting**

Learn about standard accounting conventions, and the role of financial accounting within organisation.

**Foundation Mathematics**

Understand core concepts of mathematics, and learn algebra, calculus and trigonometry.

**Fundamentals of Artificial Intelligence**

Gain an understanding of the basic concepts, processes and uses of AI, as well as design and implement a variety of learning systems.

**Independent and Collaborative Study**

Work individually and in teams on an academic task, and practise applying your subject knowledge and study skills.

**Introduction to Databases**

Have the opportunity to construct conceptual data models, and to design and implement a data model for an information system.

**Introduction to Economics**

Learn about micro and macro economics, and study aggregate economic behaviour and how an open economy works.

**Introduction to Law**

Learn about English law, and understand how to structure solutions to legal problems.

**Introduction to Marketing Principles and Consumer Behaviour**

Learn about basic theories of marketing and consumer behaviour, using real-world examples and individual consumer experiences.

**Introduction to Programming**

Develop problem-solving and analytical skills, combined with an understanding of fundamental programming concepts, algorithms and data structures.

**Language and Study Skills 1**

Learn how to speak, read, write and listen in an academic context, and improve your vocabulary, grammar and pronunciation.

**Language and Study Skills 2**

Develop academic English knowledge, and apply academic style to written and spoken work.

**Management Accounting and Financial Management**

Gain an understanding of key issues in management accounting, process costing, and profitability analysis.

**Mathematics for Computing**

Develop an understanding of the fundamental aspects of mathematical concepts related to computing.

**Mathematics for Life Scientists**

Learn the mathematics skills needed in life science studies.

**Object Oriented Programming**

Learn the fundamental principles of object-oriented programming using the C++ language.

**Organisational Behaviour**

Gain an understanding of management of work in organisations, and human resources and organisations in a global context.

**Preparatory Mathematics**

Develop your numeracy skills, including algebra, geometry and graphs.

**Preparatory Statistics**

Build on your knowledge of using statistics, including the use of data to illustrate facts and support theories.

**Quantitative Methods and Information Systems for Business**

Learn quantitative techniques used in industry, and analyse and interpret data and information systems in a business context.

**Reading and Writing 3**

Develop your English reading and writing skills to a sufficient level to communicate complex ideas.

**Robotics, Programming and Electronics**

Design and programme a robot, and design and build simple electronic circuits.

**State and Society**

Explore the fundamentals of politics and sociology, and consider the relationship between the state, society and the individual.

**The Business Environment**

Engage in interactive projects that integrate practical, real-life situations with your knowledge of business theory.

**UK Society and Culture**

Learn more about the culture and society of the UK, and how it differs from others.

**Speaking and Listening 3**

Improve your ability to listen and speak in English, allowing you to fully engage with academic topics.

**Statistics**

Learn the skills needed to analyse and apply statistics in a range of ways.

**Web Development**

Create a high-quality website, incorporating developed web-based content using a web IDE and content management system.

**Online internship**

While you're at the College in the UK, you'll take an online work placement as your final term if you choose a pathway course with integrated internship.

The internship is offered in partnership with Virtual Internships, a leading education company in the field. This gives you the chance to gain valuable work experience with one of 3,500+ companies around the world.

You will choose one of 18 career fields on your internship, based on your chosen progression degree. This will all help you develop important skills, practise your English and give you some great experience to add to your CV.

for Science, Technology, Engineering and Mathematics

1/2

Minimum English level: UKVI IELTS score*	Course length	Course tuition	Course start > Course end	Add-ons	Extra support
<b>&gt; Your Pre-Master's options for degree entry in September 2027</b>					
<b>5.5 overall</b> with no less than 5.0 in any skill	2 terms	£25,780	September 2026 > May 2027		
			January 2027 > August 2027		
<b>5.0 overall</b> with no less than 5.0 in any skill	2.5 terms	£29,370	November 2026 > August 2027		0.5 terms of Academic Skills and English language modules
<b>5.0 overall</b> with no less than 4.5 in any skill	3 terms	£29,370	September 2026 > August 2027		1 term of Academic Skills and English language modules

\* **UKVI IELTS alternatives:** we can accept other tests as proof of English language. Learn more at: [kaplanpathways.com/uk/ielts](https://kaplanpathways.com/uk/ielts)

**Academic entry requirements:** for all course options above, you need to have completed at least 3 years of higher education in a suitable subject. For requirements specific to your country, select your preferred degree and pathway course from our online Degree Finder: [kaplanpathways.com/york/pc-pg-degrees](https://kaplanpathways.com/york/pc-pg-degrees)

**Your course length:** this is influenced by your English language score that you submit as part of the admissions process. Soon after your course starts, we'll check your English and academic level again to make sure you're on the most suitable study plan, with modules that best fit your skills and goals.

# Pre-Master's

for Science, Technology, Engineering and Mathematics

2/2

**Common modules taken by all students:**

- Language and Study Skills
- Research Skills

**You will also take 2 of the following modules that fit your degree and career goals<sup>†</sup>:**

- Contemporary Issues in Society
- International Business with Law
- Introduction to Management
- Mastering the Social Sciences for the 21st Century
- Mathematics for Postgraduates
- Statistics for Postgraduates

**Extra support for 2.5-term courses:** you'll also take a 5-week English language module to give you additional preparation for university:

- English for Academic Purposes

**Extra support for 3-term courses with no internship:** you'll also take an Entry to Pre-Masters module to give you additional preparation for university:

- English for Academic Purposes

**Learn more about modules:** you'll find module summaries later in this booklet.

**i Optional integrated online internship**

For selected course options and just a small extra fee (maximum £1,490), you can take an online internship as an additional final term while at the Pathway College in the UK. You will:

- apply and further develop your English language in a professional setting
- build real-world experience related to your degree subject at university
- gain additional career skills and experience and boost your CV before your degree.

See the postgraduate module summaries section for more details.

<sup>†</sup> For some degrees, the University will require you to take particular modules. Details are on the online Degree Finder and will be in your offer letter.
